

REMARKS

Claims 1-6, 9-12, 15-17, 27-29, 32-38, 40-47, 50 and 52 are pending in the application. Claims 9-12, 15-17, 27-29, 32-38, 40-47, 50 and 52 are allowed. By virtue of this Amendment, claim 1 is amended.

A. Allowable Subject Matter

In the Office Action, the Examiner allowed claims 9-12, 15-17, 27-29, 32-38, 40-47, 50 and 52. These claims remain unchanged by this response.

In the Office Action, the Examiner objected to claims 5 and 6 as being dependent upon rejected base claims, but would be allowable if rewritten in independent form including all of the limitations of the base claims and any intervening claims. These claims are believed to be allowable for the reasons state below with respect to independent claim 1, to which both claims 5 and 6 ultimately depend.

B. Rejected Claims

The Examiner rejected Claims 1-4 under section 103(a) citing Dong in view of Seki.

Independent claim 1, as amended, recites “one or more light emitting modules magnetically detachable from the leveling platform”. Neither Dong or Seki disclose a light emitting module magnetically detachable from a leveling platform as recited in claim 1. Reconsideration and allowance of claim 1 are respectfully requested.

For at least the reasons of allowability of claim 1, rejected claims 2-4 and objected to claims 5 and 6, which each ultimately depend on claim 1, are also allowable. Reconsideration and allowance of claims 2-6 are respectfully requested.

CONCLUSION

In view of the above, each of the presently pending claims in this application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to withdraw the outstanding rejection of the claims and to enter this amendment and pass this application to issue. If it is determined that a telephone conference would expedite the prosecution of this application, the Examiner is invited to telephone the undersigned at the number given below.
